A Glam Surprise:

At 5 PM in NYC, my phone rang: "Hi, Dr. Kohen, it's Fadil Berisha. Come to my studio for a photo shoot."

I panicked, no makeup, hair a disaster, but Fadil's enthusiasm won me over.

I arrived to a glam squad who transformed me into a dazzling diva.

Fadil snapped over 150 photos, exclaiming, "You're so beautiful"

With his magic, he makes Albanian beauty shine brighter than ever.

Happy Brithday Fadil

Fadil's lens has not only captured moments but preserved legacies. His generosity and artistry have gifted our family with cherished, everlasting images of my late brother...moments frozen in time that we hold close to our hearts.

He gave freely, not just to us, but to so many young and aspiring Albanians, offering his talent as a gift to those who needed it most.

Fadil's work is more than photography; it is a testament to kindness, passion, and the power of visual storytelling.

Thank you for the memories you have given us and the countless lives you have touched.

Your impact will never fade.

Happy Brithday Fadil

With Fadil, even a schedule conflict turns into magic.

I planned to show him homes—he ended up showing me how a true artist works. No makeup, no prep—just Fadil’s eye, heart, and spontaneous genius.

That unexpected shoot became one of my favorite memories and favorite photos. He doesn’t just take pictures—he lifts you up and makes you feel seen.

Happy Birthday, Fadil.

Thank you for your light, your talent, and your generous spirit. You’re one of a kind.

Happy Brithday Fadil

“I have crossed paths with many souls in my life, but you stand among the rarest. Your love for Albania and its people shines like a guiding light—pure, unwavering, and profound.

You bless every life you touch, not just with the boundless kindness you give so freely, but with the quiet power of your example—a heart both vast and tender, a soul both mighty and humble.

May your years stretch beyond a century, steadfast as the mountains, for the world is richer, kinder, and brighter because of you.

With deep love and admiration,
